

The City's reclaim water is highly treated wastewater suitable for irrigation. Reclaim water helps conserve the limited supply of groundwater (drinking water) in the Aquifer since reclaimed water is used in place of potable water for irrigation. Using reclaim water for irrigation also helps use wastewater from treatment plants in an environmentally safe way and reduces fertilizer use, as some nutrients like nitrogen and phosphorus remain in reclaim water.

Reclaim water CAN be used for:

- Irrigation of lawns, landscapes and golf courses
- Street-sweeping operations
- Car and bus washing
- Power generation
- Decorative fountains
- Fire protection
- Dust control

Reclaimed water CANNOT be used for:

- Body-contact recreation (including swimming pools & spas)
- Cooking or drinking (do not connect house pipes to purple pipes)
- Irrigating vegetable and herb gardens, unless a drip or bubbler system is used

Reclaim water does contain more nutrients than potable water, so it's important to reduce runoff from irrigation systems to prevent nutrient pollution in our surface waters. Be sure sprinklers are directed towards grass and landscaping and not on hard surfaces like patios, sidewalks, and driveways.

Irrigation rules still apply for all reclaim water users. Please refer to the City's Water Conservation webpage for more information – [click here](#).

To view the list of Winter Garden communities and businesses that currently have reclaim services for irrigation, please see below.

Residential Communities with Reclaim Irrigation Water Service
--

Belle Meade

Black Lake Park

Bronson's Landing

Carriage Point

Chapin Station

Cobblestone

Courtlea Park

Covington Chase

Crown Point Springs

Deerfield Place

Emerald Ridge

Foxcrest

Fullers Crossing Phase II

Fullers Landing

Glynwood I and II

Grove Park at Stonecrest

Grovehurst

Lake Robert's Landing

Oakglen

Regency Oaks at Stonecrest

Stonecreek (Phase 4-Portcastle Circle)
--

Stoney Brook West (Brookhave, Foxglove, Spinnaker Cove, Masthead Landing)

Trails of Winter Garden

Westbrook

Commercial Properties with Reclaim Irrigation Water Service

Apex Commerce Center, LLC

Apex Condo

Bright Horizons (Daniels)

Britt Business Plaza

Britt Center Property Owners Assn, Inc

Britt Center Property Owners Assn Inc (N Pond)

Britt Center Property Owners Assn Inc (S Pond)

City of Winter Garden FD

Crown Point Partners LLC

Eagle Partners

Encore Construction Company

Florida Power Corp

Foundation Academy

GPC Properties Inc

GRP Britt LLP

Hess Mart

Hill/Gray Seven LLC

Image Technical Services

KFC of America Inc

McCauley Peter E Tr

Robert Wallick

Winter Garden Village at Fowlers Groves
