TRAFFIC TIP

Round-About traffic etiquette can be confusing – but it is actually very simple. Watch the yield signs – traffic entering should yield to the traffic that is already in the circle....

Quick Tips for Water Conservation

- Save 1,000 gallons of water a month by keeping your daily shower under 5 minutes.
- Fix a leaking toilet & save more than 600 gallons of water a month. Check for leaks by placing a few drops of food coloring in your toilet tank – if it seeps into the bowl, there is a leak.
- By repairing a leaking tap, you can save up to 9,000 gallons of water over one year.

Shop Winter Garden First

Many of our friends and neighbors own and operate businesses in Winter Garden. Now, more than ever, it is important to support local merchants by patronizing their establishments whenever possible.

With the upcoming improvements to Florida's Turnpike and the ensuing closure of the 535/Winter Garden Vineland Road Bridge, the City is embarking upon a Shop Winter Garden First campaign. In the upcoming months, you will receive updates on road construction within Winter Garden with maps to help guide you to affected merchants.

Remember when you Shop Winter Garden First, you help our local economy, not only survive, but thrive.
