

PARKING DOWNTOWN

during parking garage construction

From April until September of this year, the S. Boyd Street public parking lot will be closed as the City of Winter Garden constructs a free public parking garage. We understand the inconvenience this will cause and are doing everything we can to assist during the four to five month period of lot closure.

Flip this flyer over for a map of free public parking lots available to visitors during garage construction. Be sure to look for the green public parking signs throughout the downtown that mark these new, temporary public parking areas.

Free and convenient hop-on hop-off weekend shuttles link the parking lots to the downtown and farmers market every Saturday from 9am-5pm. The shuttles will run continuously on the mapped route (printed on reverse) every Saturday until the parking garage is opened in September 2016. Look for the golf carts and shuttle stops with the "City of Winter Garden - Downtown Parking Shuttle" signs.

Updates, printable maps, garage FAQ's and more can be found at www.cwgd.com/parking. Contact Amy Martello at 407-656-4111 x5443 or email amartello@cwgd.com with any questions or issues. Thank You for your patience and understanding as our wonderful little City grows!

The new 2-story, 3-level parking garage will be free of charge and house over 520 parking spaces.

The garage front features a 40-foot-wide public plaza for relaxing and creates more great space to expand our vibrant, award-winning farmers market.

And yes, the bricks are real! When the wall panels were formed, the bricks were cast directly into the wall surfaces, along with rebar & conduit inside the walls, and steel plates & fasteners on the interior surfaces.

Visit www.cwgd.com/parking for faq's, updates & more info
