JUNE 2021

Celebrate Farmers Market's 13th Birthday by Supporting Local

A weekly visit to the national award-winning Winter Garden Farmers Market has become a tradition for residents. You will enjoy a variety of local goods available such as fresh-farmed produce, baked goods, seafood and meats, dips and spices, artisan creations, to the on-the-spot prepared food and beverages.

Please continue to show your support to local farmers, market vendors, crafters, artisans, cottage businesses, and small businesses the entire month of June by choosing to eat and shop local as much as possible. Your patronage is needed now more than ever. **The Farmers Market now accepts SNAP and Fresh Access Bucks.**

Saturdays | 8:00 am – 1:00 pm
Downtown Pavilion, 104 S. Lakeview Avenue

Celebrate the 13th birthday of our Farmers Market by showing appreciation to the many local farmers and vendors by purchasing local and eating locally grown and/or prepared foods on this day. June marks the end of the summer farming season so enjoy the seasonal foods while you still can!

Saturday, June 5 | 8:00 am – 1:00 pm
Downtown Pavilion, 104 S. Lakeview Avenue

WHY CAN'T I RECYCLE SINGLE USE PLASTICS?

Those crinkly #1 plastics used for single use food and drink items cannot be recycled. They include to-go or takeout boxes, bakery and produce containers, plastic plates, bowls and cups. That even includes Solo cups. Here's why single use plastics can't be recycled:

- They flatten easily when crushed and the recycling sorting equipment doesn't recognize them. They often end up in with the paper recyclables.
- They melt at different temperatures than other plastics. This can create ash, ruining an entire batch of good plastic.
- They are often coated with food labels and adhesive stickers which could lead to contamination issues.
- There is no good reuse market for them.

The same goes for plastic straws, lids, forks, knives and spoons. They fall through or get stuck in the sorting equipment and can contaminate glass bottles and jars.

Use reusable containers. If that's not possible, throw these plastics in the trash, not the recycling cart.

WASTE & RECYCLING WORKERS WEEK | *The Week of June 17*

National Waste Workers Day, formerly known as Garbage Man Day, is June 17. Waste and Recycling Workers week recognizes these hard working folks that keep cities and towns clean and healthy.

Here are some ways to show them your appreciation:

- Have your waste containers out by 7:00 am on collection days.
- Don't overload your trashcans. The mechanical arm may dump the can, but workers may still need to position it.
- Sort your recycling properly. Remember plastic grocery bags should never go in the recycling cart. Take them back to the retailer to be recycled.
- Watch where you park on trash day. Don't block the trashcan or recycling cart.
- Thank your trash collector with a note or a simple wave and a "thank you."

WINTER GARDEN FIRE RESCUE FIRE AND SAFETY ZONE

June is National Safety Month. Please consider these safety tips:

- Replace worn, old or damaged extension cords right away and only use them for temporary purposes.
- Never overload electrical outlets with too many devices or appliances.
- Never leave a lit stove or range unattended.
- Avoid overloading the clothes dryer. Motors under strain can overheat easily and start fires.

Remember: know at least two ways out of every room and make sure all windows and doors open easily. Smoke alarms save lives. Photoelectric smoke alarms are recommended. To learn about the smoke alarm program or for fire safety information, call 407.877.5175.

THERE'S A MAP FOR THAT! Find Your Way Home: A Cartographic Survey of West Orange County

The Winter Garden Heritage Foundation is combing through its vast collection of original maps to work on its next exhibit. The exhibit will showcase examples of rare maps from the Foundation's archive, some of which document West Orange County as it was settled in the late 19th century.
